

## High and Standard Speed HDMI™ Cables with Ethernet

- Professional grade, high quality HDMI cable for a perfect high definition connection
- High Speed HDMI with Ethernet (1.5, 2, 3, 5m)
- Standard Speed HDMI with Ethernet (10,15, 20m)
- HDMI Ethernet Channel
- Audio Return Channel
- 24K Gold Plated Connectors
- 3D
- 4K Resolution Support

- Compact EMI Interface suppressed
- High quality AWG cables to reduce attenuation
- Compatible with all HD resolutions including 720p, 1080i and 1080p video formats
- Expanded Support for Colour Spaces
- Fully Shielded
- For connecting HD set top boxes, DVD players, games consoles and all other HDMI AV equipment

# High and Standard Speed HDMI™ Cables with Ethernet

## HDMI™ Ethernet Channel

- High Speed, bi-directional communication
- Send and receive data at 100 MBp/s Ethernet
- Allows Internet-enabled devices to use the same connection
- Allows content to be shared between devices

## Audio Return Channel

- Reduces the number of interconnecting leads required to deliver audio “upstream” from the TV to an AV receiver
- Where the TV has a built-in DVD player, the Audio Return Channel allows the TV to send audio data “upstream” to the AV receiver via the HDMI cable, eliminating the need for an extra cable

## 3D

- Enables 3D gaming, 3D video applications and Home 3D systems to dual-stream 1080p

## 4K Resolution Support

- Enables HDMI devices to support extremely high definition resolutions, effectively four times the resolution of a 1080p device. Support for 4K allows the HDMI interface to transmit digital content at the same resolution as the state-of-the-art Digital Cinema systems used in many movie theatres

## Expanded Support for Colour Spaces

- Supports colour space designed specifically for digital still cameras, enabling more accurate colour rendering when viewing digital photographs
- By supporting the following colour formats, sYCC601, Adobe® RGB and Adobe® YCC601, HDMI display devices are capable of displaying more accurate, life-like colours when connected to a digital camera

- **370715** 1.5m High speed HDMI™ with Ethernet
- **370716** 2m High speed HDMI™ with Ethernet
- **370717** 3m High speed HDMI™ with Ethernet
- **370718** 5m High speed HDMI™ with Ethernet

- **370719** 10m Standard speed HDMI™ with Ethernet
- **370720** 15m Standard speed HDMI™ with Ethernet
- **370721** 20m Standard speed HDMI™ with Ethernet
